No. 3340-C/36-6

Station Madras., *Dated the* 22nd December, 1936.

From (Name) Dr.B.Sundara Raj, M.A., Ph.D.,
(Designation) Director of Fisheries.

To The Secretary to the Government of Madras,
DEVELOPMENT Department.

Sir,

I enclose translation of a petition dated 4th April 1936 received from the Dalji Fishermen of Kesarkodi, Shirur village, Coondapur taluk, South Kanara District, praying for the establishment of a Fisheries Elementary School for their benefit in their hamlet. The Inspector of Fisheries, Mangalore who conducted an enquiry reports that the facts stated in the petition are true and that there is really a great need for a Fisheries Elementary school for these people at Kesarkodi with special provision for the teaching of Hindustani and Kanarese as vernaculars. The hamlet contains about 65 Dalji houses with more than 100 children

(boys and girls) of the school-going age. Till 1934, they had it is reported an aided school in their hamlet in which both the vernacular languages were taught. Even now there is reported to be a Board Hindustani Kanarese school in Hadavinakone, but, on account of a river between the two hamlets the children of Kesarkodi are unable to attend that school. Further, the Daljis desire to have a Fisheries school where fishery technics are taught. The District Educational Officer, South Kanara recommended the opening of a Fisheries school for Daljis in the Kesarkodi centre of the Shirur village as the aided Muhamadan school in the locality has been closed for good.

2. The Mohamadan Potail of Shirur village who has a suitable site for a school building in the hamlet is prepared to construct the necessary building at his cost and on a plan approved by the Department and give it on a reasonable rent - vide copy of his letter dated 5th April 1936 enclosed. The Assistant Director (Coast) reports that the District Educational Council, South Kanara, at its meeting held on 28th October 1936 has in its resolution No.47 granted sanction for the opening of Fisheries school at Kesarkodi. On a modest estimate, it is reported that about 50 to 60 children are expected to attend the proposed school at the start. Taking this as the basis, two teachers will be required to start with.

3. In the circumstances, I request that the Government will be pleased to sanction the opening of a Fisheries Elementary school at Kesarkodi in 1937-38 and provide necessary funds in the Budget Estimates ~~for~~ of that year.

4. A statement of expenditure involved in the proposal is appended.

I have the honour to be,
Sir,
Your most obedient servant,

B. Sundara Raj
Director of Fisheries.

--

I learn that a Fisheries school will be shortly started at Kesarkodi, Shirur which needs a suitable building for housing.

I beg to state that I am prepared to have a suitable building constructed as per your instruction for your school for a reasonable rent.

S.A.

English translation of a petition from Dalji fishermen of Kesarkodi Shirur village, Coondapur taluk, South Kanara Dt dated 4-4-1936.

--

Humble petition of Dalji fishermen of Kesarkodi, Shirur village Coondapur taluk.

2 The humble petitioners beg to state that in their Kesarkodi fishing hamlet there are 65 or 70 houses of Dhalji fisher.community to which they belong and that there are about 120 boys and girls of the school-going age. There is no school in their village for educating their children. Their girls have no objection to attend the school up to the age of 9. There is no doubt, a Board school in a village lying on the east of their hamlet, but on account of a deep river flowing between that village and their hamlet it is not possible for their children to attend that school even if they desire to do so. There was an aided school in their hamlet but it was closed in 1934 and therefore no school exists in their hamlet at present. Further, the petitioners belong to the fisher community and hence their desire is to give their children fishery education in a school established by the Fisheries Department providing facilities to study fishery technics i.e. net making, yarn twisting, fishery culture, navigation etc,. The petitioners have come to know that similar schools have been established in Tarapathy and Kirimanjeshwar fishing hamlets in the south of their hamlet inhabited by people of similar occupation as that of the petitioners. They pray, that your honour will be graciously pleased to establish a Fishery Elementary School for their benefit also in their hamlet to impart education in Urudu and Kanarese.

To The Secretary to the Government of Madras,
Development Department.

Sir,

Ref: Dr. Sundara Raj's letter 3340-C/36-6 dated 22-12-1936.

In his letter quoted above, Dr. Sundara Raj submitted proposals for the opening of a Fisheries Elementary school at Kesarkodi in 1937-38. No orders of Government have so far been received on this proposal. If there is no likelihc of Government sanctioning the proposal shortly, I request th the same may be considered as a part II scheme for 1938-39.

NOTE BY THE DEVELOPMENT DEPARTMENT.

The Director of Fisheries has submitted proposals for the opening of a fisheries school at Kesarkodi, hamlet in the South Kanara district. The Dalji fishermen of Kesarkodi, Shirur village, have petitioned praying for the establishment of a fisheries elementary school for their benefit in their hamlet. It is reported that the hamlet contains about 65 Dalji houses with more than 100 children (boys and girls) of the school-going age. The Inspector of Fisheries reports that there is really a great need for a fisheries school at Kesarkodi with special provision for the teaching of Hindustani and Kanarese as vernaculars. Till 1934 they had, it is reported, an aided school in their hamlet in which both the vernacular languages were taught. Even now there is a Board Hindustani Kanarese school in Hadavinakone, but on account of a river between the two hamlets, the children of Kesarkodi are unable to attend that school. Further the Daljis desire to have a fisheries school where fishery technics are taught. The District Educational Council have granted sanction to the opening of a fisheries school at Kesarkodi.

The Director expects that about 50 to 60 children will attend the school at the start and two teachers (one headmaster and one assistant) will be required to begin with.

In view of the importance of education to fisher children, this department supports the Director's proposal, but considers that the second teacher should be employed only when the strength of the school actually exceeds 40 and that the school be continued on a temporary basis for two years. This department accordingly recommends the inclusion of the necessary provision in the Budget Estimate for 1937-38.

C. J. PAUL—12-2-37.

NOTE BY THE FINANCE DEPARTMENT.

The proposal may be considered as a Part II Scheme for 1937-38.
